## Purposes

### Functional cookies **Enabled**

Functional cookies are strictly necessary to provide the store's services, as well as for its proper functioning, so it is not possible to refuse their use. They allow the user to browse our website and use the different options or services available on it.

Cookie	Provider	Purpose	Expiry
PHP_SESSID	barcodeberlin.com	The PHPSESSID cookie is native to PHP and allows websites to store serial state data. On the website it is used to establish a user session and to pass state data through a temporary cookie, which is commonly known as a session cookie. These Cookies will only remain on your computer until you close your browser.	Session
PrestaShop-#	barcodeberlin.com	This is a cookie used by Prestashop to store information and keep the user session open. Stores information such as currency, language, customer identification, among other data necessary for the store to function properly.	480 hours

### Analytical cookies **Enabled**

Collect information about the user's browsing experience in the store, generally anonymous, although sometimes it also allows the user to be uniquely and unambiguously identified, in order to obtain reports on the user's interests in the products or services offered by the store.
